

# 45 Liter Insufflator

## Finding Pneumo

Pneumo Sure™

# Unparalleled Performance

## Market Leading Technology

### Pneumo Sure™

Stryker's 45L Pneumo Sure provides unparalleled performance, real time pressure sensing and multiple user modes. With its new integrated tube design, the Pneumo Sure manages optimal pressure and flow rates to achieve greater accuracy during procedures. The 45L insufflator is designed to handle a wide variety of cases including pediatrics, bariatrics, and vein harvesting. Its ability to safely maintain pneumoperitenium in a range of conditions brings insufflation in the OR to a new level.

#### Pneumo Sure™ provides a wide variety of features:

- Multiple User Modes
- Real Time Pressure Sensing
- Software Upgradeable
- Increased Accuracy
- Interactive user Interface

# Superior Performance

## Across Multiple Specialties

### Exclusive Tubeset Design

The Pneumo Sure offers 3 different tubesets with the option of using real time pressure for more accuracy and increased flow. With the advancement of RTP, the insufflator is able to continuously pump CO<sub>2</sub> into the abdomen while constantly measuring pressure.

#### High Flow Tubing

- Increased Flow
- Integrated Filter
- Ideal for Laparoscopic Cases

#### High Flow With RTP

- Increased accuracy
- Increased flow
- Ideal for advanced laparoscopic cases

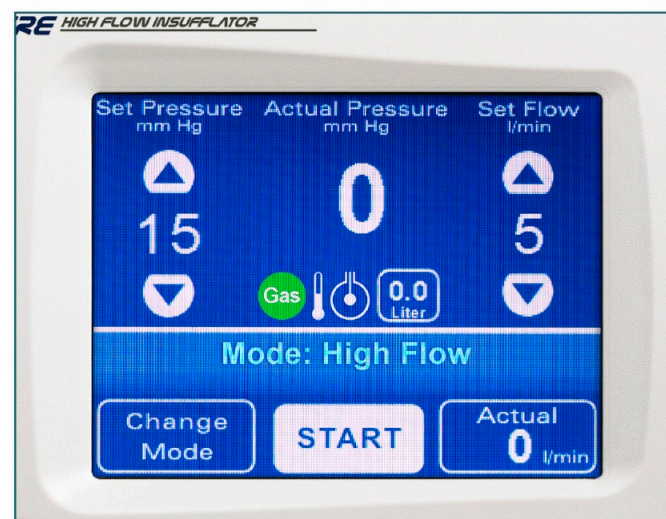

#### Heated With RTP

- Heated CO<sub>2</sub>
- Maintains higher flow rates
- Increased accuracy

# New Touchscreen Interface

## Quick & Easy Navigation

### Touchscreen Interface

The Pneumo Sure's intuitive touchscreen ensures quick and easy navigation through the user menu. The redesigned full color interface was specially designed for surgeons and staff.

#### Features:

- Higher actual flow rate
- Full color touch panel allows for better viewing angles
- SIDNE® compatibility allows surgeons to control the insufflator
- Change Modes with the touch of a button

#### Software Upgrade

The Pneumo Sure was designed to handle the future needs of the OR through an open architecture software platform.

## System Specifications

45 Liter PNEUMO SURE™	SYSTEM SPECIFICATIONS
<b>Power Supply Input:</b>	100-240 Vac; 3.15A
<b>Frequency:</b>	50-60 Hz
<b>Power Consumption:</b>	150VA
<b>Dimensions:</b>	5.83" (h) x 18.7" (d) x 12.52"(w)
<b>Weight:</b>	19.84 lbs
<b>Operation Conditions - temp:</b>	50-104 F
<b>Operation Conditions - humidity:</b>	30%-75%
