Cordless Driver 2

more speed, more torque
Driven to Perfection...

**More Speed...
More Torque...**

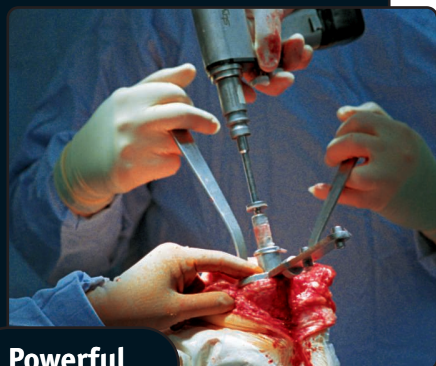

Proven power and reliability
for applications such as:

- Sports Medicine
- Trauma
- Total Joint

...Driven to Perfection

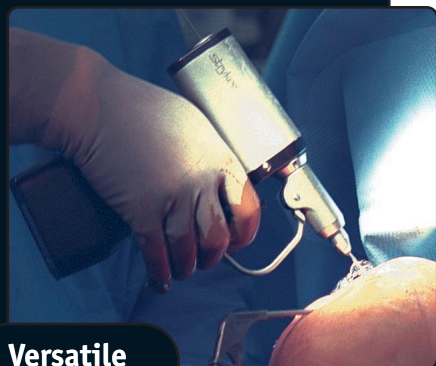

Increased speed and torque are combined with proven cordless reliability to provide unsurpassed power and versatility.

Cordless Driver 2 extends the time-honored tradition of power and versatility in the Sports Medicine arena. With the improved Cordless Driver 2, Stryker continues to offer state-of-the-art battery powered equipment that you have come to expect from Stryker Instruments.

Powerful

Capable of tunneling, drilling and reaming.

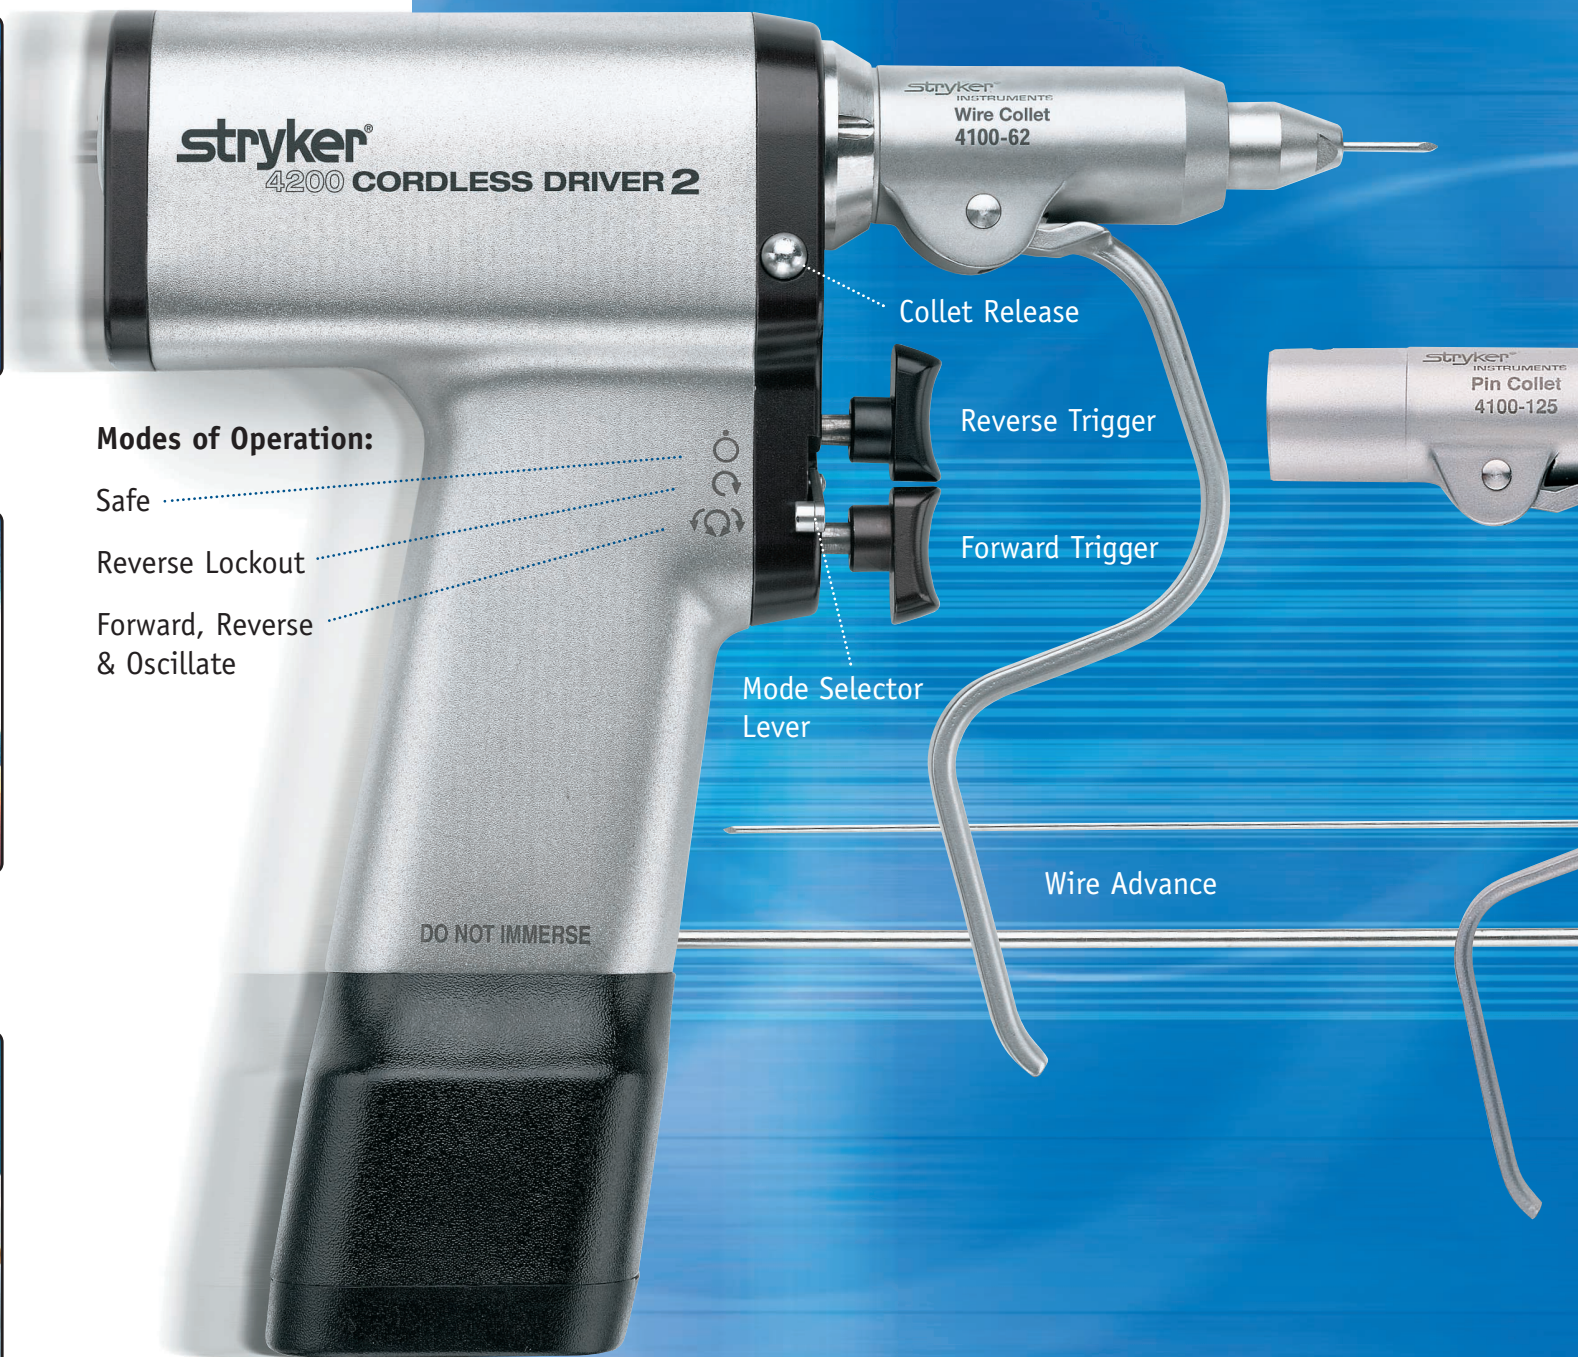

Versatile

Useful for most orthopaedic procedures. Eliminates the need for multiple handpieces.

Cordless

Exceptional maneuverability.

Modes of Operation:

- Safe
- Reverse Lockout
- Forward, Reverse & Oscillate

Collet Release

Reverse Trigger

Forward Trigger

Mode Selector Lever

Wire Advance

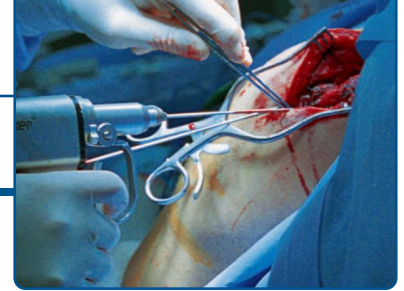

50% More Speed

20% More Torque

Drilling Attachments

Accommodates a variety of drilling demands.

Automatically adjustable wire & pin collets simplify the placement of wires and guide pins.

4100-133 1/4" Keyless Drill

4100-135 Hudson®/Modified Trinkle Drill

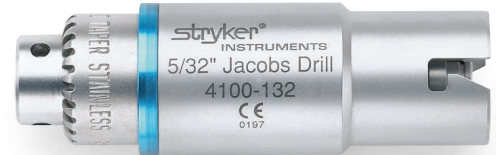

4100-134 1/8" Keyless Drill

4100-160 Trinkle Drill

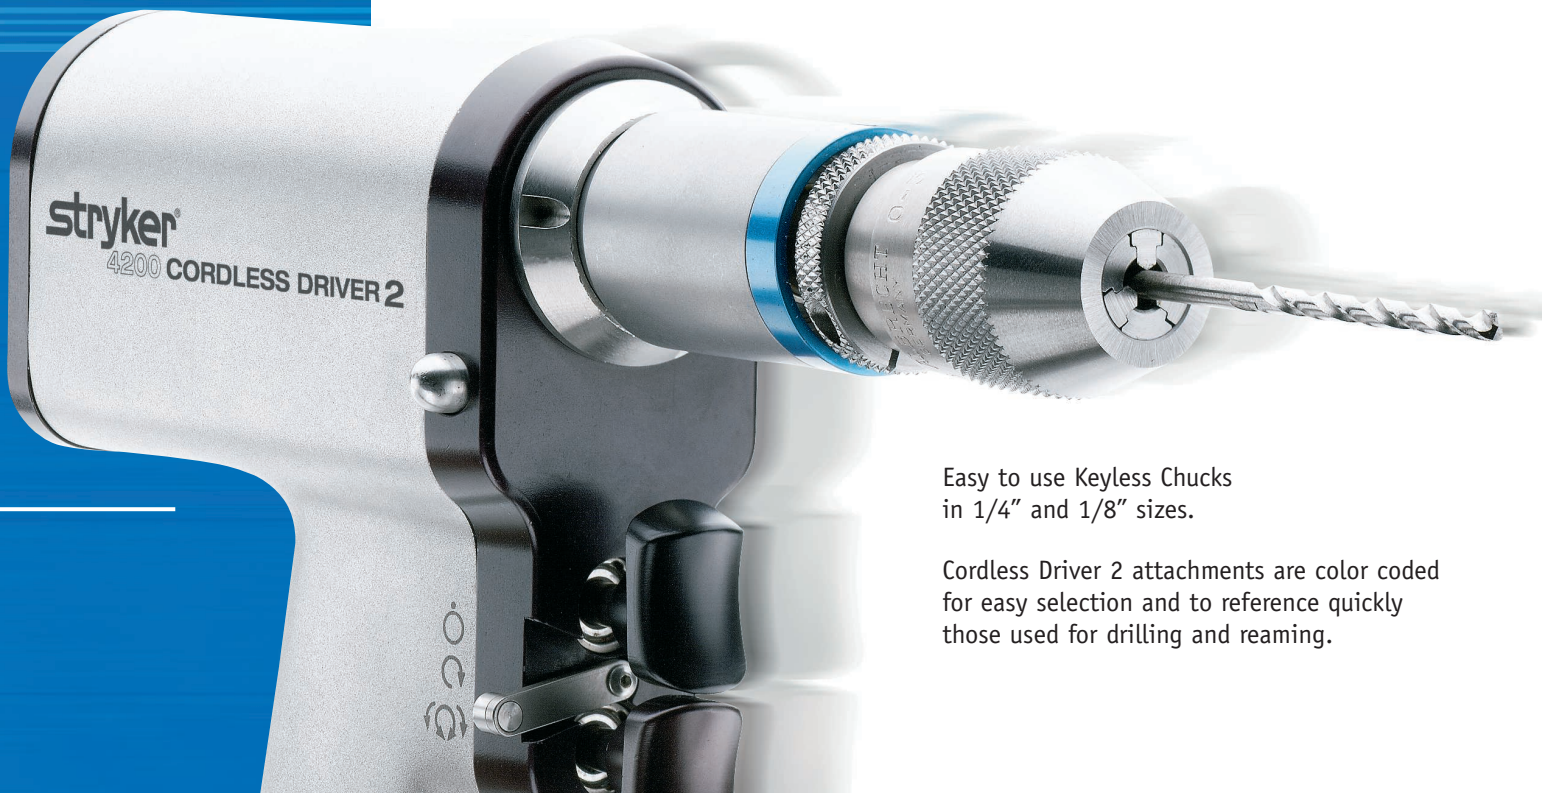

4100-131 1/4" Jacobs Drill

4100-132 5/32" Jacobs Drill

4100-110 Synthes® Drill

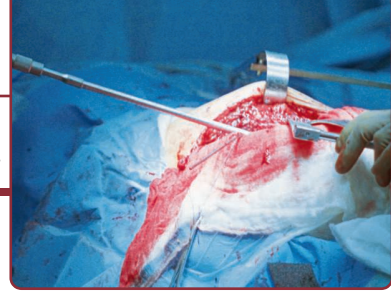

Easy to use Keyless Chucks in 1/4" and 1/8" sizes.

Cordless Driver 2 attachments are color coded for easy selection and to reference quickly those used for drilling and reaming.

Reaming Attachments

Power to tunnel with trephines and large diameter drill bits.

Reamer collets deliver high torque, excellent for reaming Intermedullary Canal and ACL reconstruction applications.

4100-235 Hudson®/Modified Trinkle Reamer

4100-260 Trinkle Reamer

4100-231 Jacobs Reamer

4100-210 Synthes® Reamer

4100-335 Right Angle Drive Modified Trinkle Reamer

4100-310 Right Angle Drive Synthes® Reamer

4100-355 Radiolucent Right Angle Drive

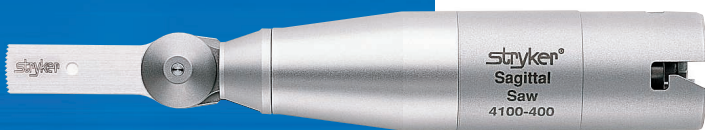

Sagittal Attachment

Variable speed for precision cutting.

Sagittal Blades

Stryker Precision Blades are available in various sizes and thicknesses to address the specific requirements of each procedure.

See bur & blade guides for a complete list of available cutting accessories.

Unique tool-free blade mount reduces blade whip & flex.

Sterilization & Storage/Battery Charging

Modular sterilization container assists in the handling, storage and sterilization of your Cordless Driver 2 components.

Battery charging station diagnoses battery levels and usage.

4200-465 Sterilization Case

- Holds handpiece and all accessories for complete sterilization.

- Convenient inner tray presents instruments on a sterile field.

- Modular design allows for 4 batteries to be charged at the same time.

- Indicator lights provide battery status feedback with "Charge", "Ready", and "Replace" indicators.

4110-120 Battery Charger

- Quickly charges Cordless Driver 2 and System 4 batteries.
